O-Z Premium wheels are famous worldwide for their extreme precision and attention to detail. No other wheel has the pedigree of O-Z. We've been at the top of the game for over 30 years producing wheels that transcend mere function and become works of art and technology combined with typical Italian flair to become legends. That's why countless manufactures and top racing teams use O-Z.

O-Z are the Official Wheel Supplier of the 2007 Formula One ING Renault Team.
