# WHY CHOOSE SPEEDY WHEELS

- ✓ Industry leading product warranty guarantee
- ✓ A history of innovation and engineering excellence since 1957
- ✓ A proud Australian wheel company with a history of service and technical expertise second to none
- ✓ All products designed and tested to suit local conditions and compliant to recommended vehicle applications in accordance with State & Territory authority regulations

Industry Leading Warranty

All Speedy and RCW Wheels come with a **Lifetime Structural Warranty** and a **Five Year Pro-Rata Warranty On Finish**. To register your purchase, please visit our website.

## LIFETIME STRUCTURAL WARRANTY

All Speedy Passenger, Speedy 4WD and RCW Wheels distributed by Speedy Corporation Pty. Limited ("Speedy") are manufactured in accordance with and tested to conform to internationally accredited standards and as such, are covered by a Lifetime Structural Warranty to the original end-user against manufacturing faults or defects in the structural body of the product.

The Lifetime Structural Warranty does not cover structural failure from abnormal wear and tear, overloading or exceeding the wheel's stated load capacity, pairing with tyres of a higher load capacity than the wheel, over/under tyre inflation, wheels which have been repaired or machined other than by Speedy or the original manufacturer, incorrect torquing and use of wheel nuts or bolts other than Speedy Wheels brand, owners negligence or abuse, impact damage from being driven upon pot holed road surfaces, or over road surface hazards and any wheel used for motorsport purposes.

The Lifetime Structural Warranty provides free replacement to the original end-user.

## FIVE YEAR PRO-RATA WARRANTY ON FINISH

The Five Year Pro Rata Warranty on finish for wheels and accessories warrants against faults, defects or degradation to the product's surface finish and is contingent upon the original end-user's proper care and regular maintenance of the product.

The Five Year Pro-Rata Warranty on Finish will be deemed void if chemical or abrasive cleaners are applied to the product, if cleaned with a commercial type high pressure water hose and or if the vehicle has been driven through acidic road wash or exposed to salt water conditions. Wheels which have been repainted are also void of warranty in regard to finish.

The Five Year Pro Rata Warranty provides free replacement to the original end-user for a period of twenty four months from the initial date of purchase. The remaining thirty six month warranty period will be subject to a compounding replacement charge, calculated in twenty five percent increments and levied each subsequent year, based upon the original purchase price of the goods.

Traffic authority regulations can vary between States and Territories of Australia. Speedy Corporation Pty. Limited recommends that a check be made with the relevant authority, for wheel and vehicle suitability in regard vehicle track dimensions and wheel and tyre load rating compatibility, prior to wheel purchase by the consumer. Please ensure tyre load index does not exceed wheel load capacity.
