HYPERGRAM | MATTE GREY  
17x9 5/100 40 POS  
SUBARU BRZ PERFORMANCE PACKAGE

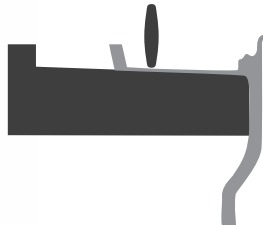

**KÖNIG**  
AUSTRALIA

*Flow*  
Formed

**1.**

The process of flow forming starts with a precisely cast wheel being mounted onto a spinning machine.

**2.**

Heat and pressure are applied to the inner barrel of the spinning wheel, stretching and compressing the aluminium to increase tensile strength.

**3.**

The final product is a lighter, stronger wheel with greater shock resistance.
